LATEST CHAPTER NEWS

PRESIDENT'S LETTER

August 2018

Hello everyone! And, Happy August to you!

The summer is winding down. Kids are back in school. And, most of us have taken our summer vacations. But, just because we have been traveling, relaxing, or enjoying a “stay-cation,” that doesn’t mean that the construction industry has slowed one little bit!

The AIA Consensus Construction Forecast Panel report for June 2018 reflects an increase in activity, projecting 4% growth. We can thank the overperforming commercial sector, which is increasing spending on commercial buildings by 6.7%. This is great news for those of us in the commercial building business! And, for those of us in the institutional building business, our forecasts have been increased modestly. Optimism remains high with design and building projections, as this will be the ninth year in a row of consistent growth!

Locally, your Louisville Chapter has been quite busy with our transition of new officers, who continue to “move the cheese” that Revitalized our chapter during our last administration.

Our Chapter meeting for July was at the newly opened Old Forester Distillery in Louisville. We were given a private tour of the facility, which embraces a unique design of vintage interiors of brick walls and reclaimed wooden floors and exposed joists mixed with a modernization of glass walls and state of the art monitoring systems. After our tour, we enjoyed our conversation with Architect Ed Kruger during our lunch at Doc Crow’s. He discussed the challenges of designing around the 40’ copper still and obtaining approval to char oak barrels in this facility in a safe manner. The efforts that he and his team gave toward this project was well worth it!

This month, our Chapter meeting will be held on TUESDAY, August 14th at Lynn Imaging. The program, entitled “Trends in Signage and Wayfinding” is a combined venture with AIA. Be sure to register for this event on our website, as you will receive 1 AIA credit for your attendance.

Speaking of websites ... we have a new website and social media presence in the works. So, look for those exciting changes in the upcoming months!

Please be sure to check out this month’s article on the newly opened International Masonry Institute in their new downtown Louisville location and the many services they offer to Architects and Engineers, alike.

Hope you enjoy this month’s newsletter!

As always, I wish you a productive and successful month of August.

Warmest regards,

Cindy

LOUISVILLE CSI CHAPTER

NOTICE

Please make reservations for CSI Chapter Meeting to csilouisville.org or email Pat Sloan at psloan43@bellsouth.net before 12:00 August 13th.

LUNCH MEETING

Date:
August 14th Lunch Meeting

Lynn Imaging
11460 Bluegrass Parkway
Louisville, KY

Program:
Trends in Signage and Wayfinding

Joint Meeting with AIA
CSI member and a guest attend FREE!
Reservations Required for ALL!

SCHEDULE

11:00 - Tour
12:00 - Lunch
12:20 - Program

Program is eligible for one credit

UPCOMING MEETINGS AUGUST 14TH

Rare Tuesday Lunch Meeting to be held Jointly with AIA

Come to network with architects.

Description: Learn best practices and pitfalls to avoid when it comes to designing with signage and wayfinding in mind.

Presenters: Joanne Underwood, Lynn Imaging Monster Color; Sarah Dixon, Lynn Imaging Monster Color

Objectives:

1. Attendees will learn creative ways to be compliant with ADA signage.
2. Attendees will obtain ways to avoid pitfalls when specifying or designing signage.
3. Attendees will gain an understanding of how to design specifically with wayfinding and signage in mind.
4. Attendees will learn what to consider for digital signage applications when designing new and renovation projects.

FROM THE DESK OF EXECUTIVE DIRECTOR
PAT SLOAN

Address: 815 S 6th Street,
Louisville, KY 40203
Nathan Smith, AIA

East Broadway Row
Address: 1205 East Broadway,
Louisville, KY 40204
Charles Cash, AIA

INTERNATIONAL MASONRY INSTITUTE (IMI) INVITES ALL TO NEW LOCATION

By: Cindy Sturgill

After having met Dave Collins (Director, IMI) and Dustin Reinstedler (Field Representative, IUBAC) at our May 2018 Louisville CSI Chapter Meeting, I caught up with Dustin at the International Masonry Institute on June 27th to find out more about IMI’s presence in the Kentuckiana area.

“IMI has had a presence in Louisville for a number of years; however,” as Dustin went on to explain, “the membership of the IUBAC local has nearly doubled over the last 3 years while innovations in masonry design have skyrocketed during this same period. This precipitated a move to a space where we can offer architects and engineers a testing ground for innovative masonry design while providing extensive masonry training for our students.”

The relocation of IMI to their new offices and training facility at 960 South 3rd Street, Louisville, took place on June 1st. This facility has it all ...

Meeting Rooms ... Training Rooms ... Conference Areas

Architects and engineers can, and should, bring their masonry designs to IMI, where mock up’s and constructability samples can be built and reviewed. Hundreds of designs have been built at IMI’s across the nation.

Vendors and suppliers to the masonry industry can utilize these same rooms for introducing a new product, training on how their product is to be used, scheduling Lunch and Learn’s, or certifying product installers.

“If, it’s in our industry – brick, block, terrazzo, tile, historic restoration, flashing, etc., - our apprentices receive classroom instruction and technical hands-on training from instructors who are specialized in these fields.” And, IMI’s 4-year education program (from apprenticeship through journeyman mason) is 100% funded by union membership.

As their most recent newsletter states, “As the Louisville market continues to grow, so will IMI and IUBAC efforts to grow and support the masonry industry in Louisville.”

Should you wish to contact IMI regarding their new facility or any of the services they offer, please contact Dustin Reinstedler at 502.817.4126 or dreinstedler@baclocal4.org.

PROGRAM'S COMMITTEE

The CSI July Program was so much fun at the “new” Old Forester Distillery on Main Street located in Whiskey Row! It was a beautiful facility to tour and the bourbon was especially good to taste! A big thank you to Ed Kruger with BRAVURA Architects who was the lead architect on this project. He joined us at Doc Crow’s for lunch and told interesting stories in making this project happen. It was the fire fighter crew who was most discouraged that this project could actually be done. It was just a little alcohol vapor, open barrel charring and a confined space in downtown. What could go wrong?! It was an enjoyable lunch hour!

The Programs Committee looks forward to seeing you at our next program at Lynn Imaging Monster Color! These folks are going to present up to date information on “Trends in Signage and Wayfinding”! Come out and find out why planning for signage on a project is important in the design and what is the hottest trends in exterior and interior signage! This is worth 1 AIA HSW credit hour and free lunch!

GOLF OUTING!

It’s that time of year. We are seeking teams and sponsors for our annual Women in Construction golf scramble. For the 5th year in a row, Thornton’s has graciously agreed to continue their title sponsorship. We will be at Valley View Golf Club again this year. The date is Friday, September 14th with an 8am shotgun start. Attached are the forms for sponsorship and teams, please fill out and return to myself or Maria if you are interested in sponsoring or playing as soon as possible!

Please let us know if you have any questions and as always, forward to anyone you feel may be interested. If you are unable to attend, we welcome your sponsorship or donation for the welcome bags or door prizes. We are planning for 25 teams/100 players again this year. We look forward to seeing everyone!

Annual NAWIC Golf Outing

Friday, September 14, 2018

Located in beautiful Floyds Knobs, Indiana, our 6500 yard, 18 hole, par 71 course is just minutes away from Louisville, Kentucky. Situated along a towering wooded hillside, the autumn foliage is breath taking during the months of late September and October. The bent grass greens are sneaky with subtle breaks that are hard to detect without multiple rounds being played. Water hazards, sand and grass bunkers are all part of what makes our course such a great challenge!

Event Information

Location: Valley View Golf Course
3478 Lawrence Banet Road
Floyd Knobs, IN 47119

Format: Four Person Scramble

Time: Registration 7:00 am to 7:45 am
8:00 am Shotgun Start
Lunch & Awards to Follow

Fees

By August 28

Foursome \$400*

Individual \$120*

(sales tax included in fee)

***Includes Golf, Cart, Drinks**

Lite Breakfast & Lunch
